PSA: Pricing Strategies: Mastering the CMA

8 hrs. CE, course # 33058

The 21st century has so far presented multiple challenges to the real estate industry, notably a housing boom and rising property values in the early 2000's, followed by economic decline, mortgage defaults, and a very unsettled market place that has only recently begun to stabilize. Determining property values depends more than ever on professional expertise, competence, the best use of technology, and a commitment to approaching the pricing assignment from all pertinent perspectives.
